##
## Chain 1 Iteration:
                         1 / 2000 [ 0%]
                                           (Warmup)
## Chain 1 Iteration: 1001 / 2000 [ 50%]
                                           (Sampling)
## Chain 1 Iteration: 2000 / 2000 [100%]
                                           (Sampling)
## Chain 1 finished in 39.5 seconds.
## Chain 2 Iteration:
                         1 / 2000 [ 0%]
                                           (Warmup)
## Chain 2 Iteration: 1001 / 2000 [ 50%]
                                           (Sampling)
## Chain 2 Iteration: 2000 / 2000 [100%]
                                           (Sampling)
## Chain 2 finished in 41.2 seconds.
## Chain 3 Iteration:
                         1 / 2000 [ 0%]
                                           (Warmup)
## Chain 3 Iteration: 1001 / 2000 [ 50%]
                                           (Sampling)
## Chain 3 Iteration: 2000 / 2000 [100%]
                                           (Sampling)
## Chain 3 finished in 41.9 seconds.
## Chain 4 Iteration:
                         1 / 2000 [ 0%]
                                           (Warmup)
## Chain 4 Iteration: 1001 / 2000 [ 50%]
                                           (Sampling)
## Chain 4 Iteration: 2000 / 2000 [100%]
                                           (Sampling)
## Chain 4 finished in 54.2 seconds.
## All 4 chains finished successfully.
## Mean chain execution time: 44.2 seconds.
## Total execution time: 177.4 seconds.
